# PRYOR

# Interchangeable Steel Type

Interchangeable marking tool for multi-character marking by hand and hammer or Impact Press

- 3 Steel Type brands available
- Sharp faced or low stress engraving styles
- Latin, Scandinavian and Cyrillic characters
- Ready to use number or alphanumeric marking sets, spares and extras available
- Range of Hand and Hammer or Press Holders for multi-character marking

The simple solution for multi-character marking using Hand Holders or Press Holders - simply build an inscription into the Holder slot and in just one hammer stroke, a series of letters and figures can be indented with uniform legibility.

Safety Grips are available as an accessory to work with Hand Holders, allowing the user to make a controlled and confident strike by keeping the fingers at a safe distance, reducing the risk of injury and assisting in making a good quality mark

Interchangeable Steel Type is available in 3 brands: Pryor, Imperial and Euro, each with a unique blank size and the option of a Euro character style.

## Available Character Styles

### Pryor or Imperial

A B C D E F G H I J  
 K L M N O P Q R S T

Standard sharp faced or low stress engraving styles available

# Low Stress Steel Type

Two styles of low stress engraving for marking materials up to a maximum hardness of 38 Rockwell C

- Steel Type for use in applications which dictate that lower stress levels are introduced into the component being marked
- Popular requirement for Aerospace, Nuclear, Oil and Gas installations and Defence work
- Two styles of Low Stress engraving available

**Ministress** - round faced character which gives a low stress, continuous line character when marked.

**Dotstress** - for even greater reduced stress levels, a character with similar nose formation to Ministress but with the added benefit of impressing the character in dot formation.

Character size		Font Set with Holder	Holder Capacity Hand and Hammer Use	Font Set without Holder
mm	inch			
<b>Ministress</b>				
3.00	1/8	TIMSFH03	8	TIMSF03
5.00	3/16	TPMSFH05	6	TPMSF05
<b>Dotstress</b>
