How to Buy CE Mark Hand Stamps

Use the drop-down menu's below to select the Character Size, select a Safety Grip if required, Quantity of Hand Stamps and the Total Price will update.

Add to Basket and continue shopping or Proceed to Checkout.

Overview

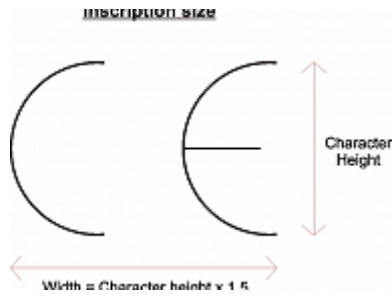

The CE Hand Stamp is a high-quality steel punch that denotes the CE Mark to declare and identify a product as compliant with all relevant product law and product safety directives. This enables the manufacturer to move the product freely throughout the EU, opening up a wider potential market for your product.

These simple Hand Stamps are a low cost, highly durable method of meeting inspection requirements. They are available in a range of sizes and suitable to mark surfaces of various shapes and sizes. As they are portable and lightweight they are the ideal solution for marking large, heavy or immobile items.
