

## Twin Dot Peen Marking Heads

The twin marking head adaptation for our standard BenchDot machine enables marking time to be halved by simultaneously making 2 marks side by side.

Ideal for batch marking of multiple, small components the mark can be identical, alternating or incrementing a serial number.

- Speed up marking with 2 simultaneous marks

### Overview

### Our Solutions

- Traceability Software & Data Capture
- Automated Part Marking
- Aerospace Marking Standards
- Automotive VIN Marking
- Hand Tools for Marking & Identification
- Serial Number Marking
- Logo Marking Solutions
- Production Data Monitoring
